

SUSTAINABLE SOLUTIONS GROUP (SSG)

A Group of Companies

Company Profile

Chairman's statement

The increased competitiveness and clients demands for more quality and customized solutions require companies today to re-think, re-design and re-structure their companies in order provide more specialized and sustainable solutions.

Our Group runs four (4) different companies which specialize in business consulting, real estate, sales, as well as training.

We also use our expertise and part of our resources for supporting development in our local communities and the nation at large through our CSR programmes.

We offer our services and products for the East African Community markets which cover Tanzania, Kenya, Uganda, Rwanda and Burundi.

We work closely with different local and international partners as a way to mix our portfolio and bring to different expertise and experiences.

We thank you for your support

Welcome to the home of SUSTAINABILITY.

*Salum Awadh
Chairman & CEO*

OUR CSR

**Sustainable Solutions Group
(SSG)**

As our strategic way to contribute towards community development, we have developed a CSR policy that offers a guide on how we can achieve that.

Our CSR Vision is to promote responsible business practices that shall help to secure a better quality of life for our local communities.

Our CSR target areas;

- Reducing income poverty
- Reducing health problems to our local communities for both communicable and non-communicable diseases.
- Assisting vulnerable groups with special focus on single mothers, children and youths.
- Contributing to entrepreneurship growth
- Environmental management

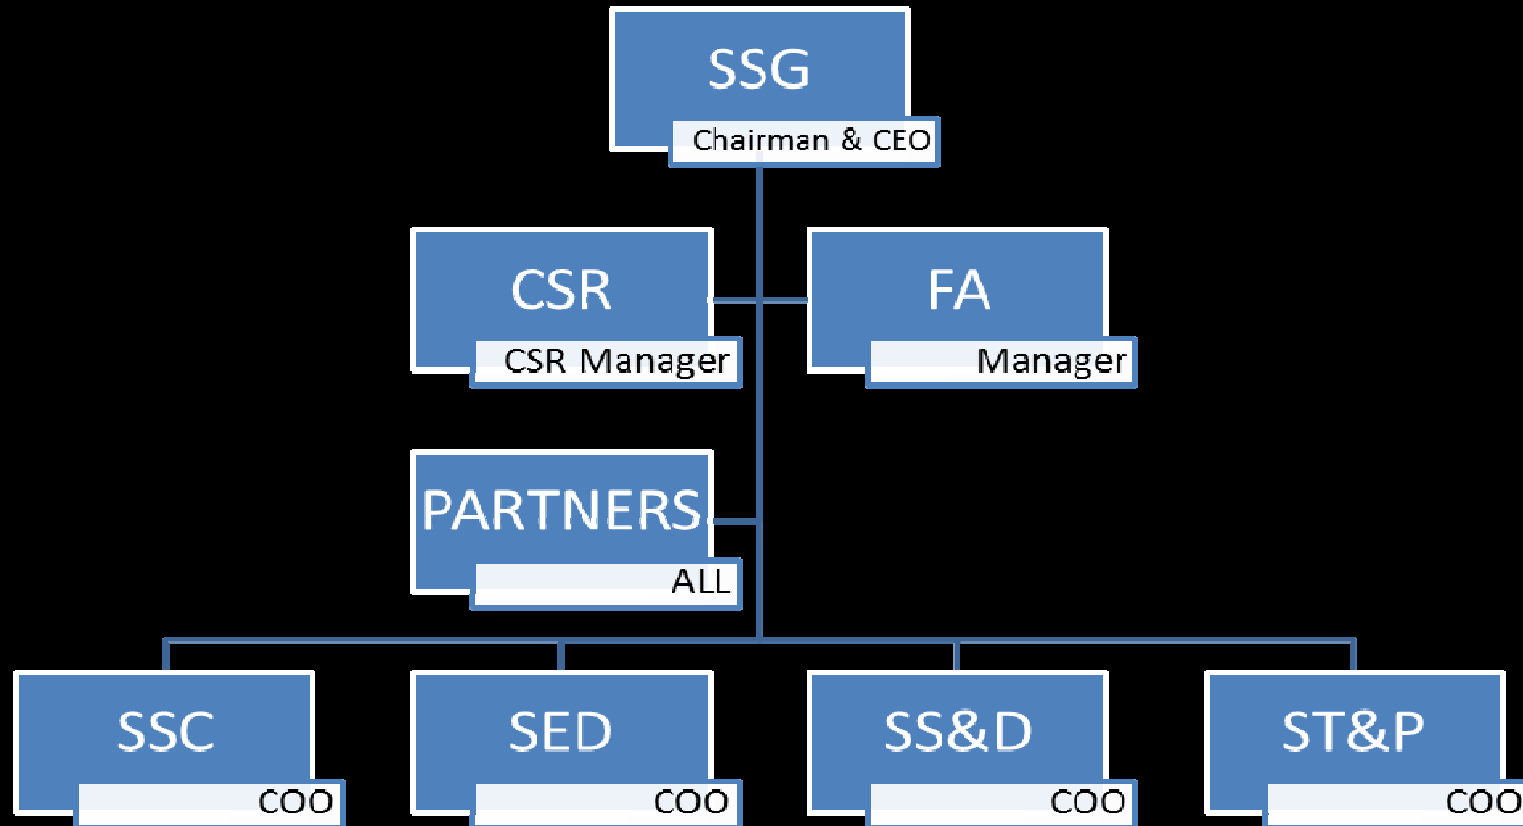

**Sustainable Solutions Group
(SSG)**

How do we do it?

- We develop and implement community projects
- We provide technical and financial support to organizations which work within our target areas
- We provide patronage to our target groups
- We do free coaching and mentoring on issues of entrepreneurship
- We do lobbying and advocacy on issues which affect our target groups.
